Privacy Agreement

Drs. Andre and Jessica Bruni, Associates and Staff (hereinafter collectively referred to as “We” and “Dentist”) agree to maintain the privacy of their patients as outlined in this HIPAA form. We take great care in being able to extend a higher level of privacy than is required by HIPAA, state confidentiality law and common law.

Due to the complex nature of State and Federal Privacy laws it has come to our attention that some dental offices are able to work around these laws. An example: Under HIPAA a dentist is not allowed to receive money for selling patient lists or protected health information to companies to market their products or services directly to patients without authorization. It is our understanding that there are dental practices that lawfully circumvent this limitation by allowing a third party to market the information. It is important to note that personal data is not in the possession of the company selling its products or services, but the patient may still receive unwanted solicitation. We do not agree with this manner of marketing and furthermore, we do not think it is in our patients’ best interest. Therefore, we agree not to provide any list for marketing or to accept any payment for patient lists or protected health information to any third party for the purpose of marketing to our patients.

In consideration for treatment and the above additional protection of patient’s privacy, Patient agrees to refrain from directly or indirectly publishing commentary that would reasonably be considered negative to the Doctor, the practice and/or the Doctor’s Associates and Staff unless such commentary is explicitly required by law. We have invested a significant amount of resources in the development of our practice through our time, money and marketing and ask that you not defame, disparage or discuss the Doctor, the Associates, the Staff or our practice in a negative manner as it will cause serious damage to our practice.

We are adamant about our Patients’ privacy as well as the practices’ right to control its public image and privacy. Dentist and you agree to work together to prevent the publishing or broadcasting of commentary about the other party from being accessed in any media. This Agreement will be in force and enforceable for a period of the longer of (a) five years from our last date of service to Patient; or (b) three years beyond any termination of the Dentist-Patient relationship. As a matter of office policy, we are requiring all patients in our practice sign the Mutual Agreement to Maintain Privacy so as to establish that any anonymous or pseudonymous publishing or airing of commentary will be covered by this agreement for all our patients.

You, as the Patient, and we acknowledge that breach of this Agreement may result in serious, irreparable harm. In addition to compensation for consequential damages, both the Patient and Dentist agree to the right of equitable relief, including, injunctive relief and beyond. Should a breach of this Agreement result in litigation, the prevailing party in the litigation will be entitled to reasonable costs, expenses, and attorney fees associated with the litigation.

Patient has been given the opportunity to ask questions and receive explanations to their satisfaction.

Authorization for Dental Care on a Minor

I authorize dental treatment to be rendered on my child/minor, _____, without my physical presence in the dental office. I have been advised that it is ideal to have a parent/legal guardian present in the office during treatment in case of any complications or medical situations that may arise. With knowledge of this, I authorize the Bluebonnet Dental Care team to take any emergency care/action or precautions deemed necessary. I still retain the authority to approve or decline treatment to be rendered and will make that designation clear before the appointment either in person or by phone consent.
